We all know that implementing change can be hard. How many “new year’s resolutions” have we each made, only to fall back into our old way of living? How many times have we each made the same resolution year after year, each time learning from our past experiences? There is great joy when we finally reach the goals we have been attempting to achieve! We need to focus on the goal, learn from our mistakes (aka “failures”), and keep trying to be our best.

Ten years ago, our congregation engaged in a powerful two-year process of what could be called recalibration; a new beginning for who we are and how we live out being the church. This process included training in family systems theory, mediation, conflict resolution, communication, Presbyterian polity, financial management and accountability, and leadership structure for healthy ministry. In cooperation with the Winnebago Presbytery Commission on Ministry (WBP COM) and Lombard Mennonite Peace Center (LMPC), and a significant financial investment, First Presbyterian Church of Fond du Lac WI embarked on a journey of learning to be a healthier form of the church.

When I arrived almost two years ago, I began to assess what I read, what I heard, and what I saw within my own LMPC Mediation Transformation training and my Doctoral research of Leadership in a Changing Context. Reflecting on the events of the past decade in various groups and meetings, there are several key events and decisions that have shifted us off course from achieving our original goals. At their last regular meeting, your Session has unanimously voted that in January 2026 we will re-implement the proposed congregational structure that was based on the years of congregational discernment as part of the Lombard process, adding in some important changes based on lessons we have learned from the initial attempt.

From my perspective, I believe the most important lessons include:

- 1) we need congregational engagement and ownership of the new structure
- 2) we need to clearly define what various terms mean and set clearer expectations
- 3) we need to name and maintain boundaries between the new and traditional structures we need better print communication to provide clarity of expectations and boundaries
- 5) we need to schedule regular opportunities for congregational reflection and adjustment

As part of the first lesson, your Session needs to hear what your thoughts and feelings are, and what lessons you would add to this list. We will be hosting a few structured gatherings in the next two months, and plan to have a congregational meeting to vote regarding the implementation of the new structure. Specific dates and details have not been finalized.

Until any changes are officially implemented, we will continue to operate as we have been for the past several years. Please be in prayer for our congregation, watch for more details and opportunities to be part of the discernment process of implementing these changes, and be intentional about listening to one another so that we might hear the Spirit’s guidance as we continue to journey together in community and unity.

In Christ,

Pastor Craig

# September Growing Connections

## **September 7 Making Meaning: A Journey Through Creativity and Connection**

Join us as Hannah Chung, author-illustrator, shares a discussion on *Making Meaning: A Journey Through Creativity and Connection*. Her debut picture book, ***The Most Perfect Persimmon***, is an intergenerational story about learning patience and embracing imperfection. Her forthcoming book, ***Bread Days*** (Fall 2025), is a gentle reflection on baking, family, and the memories we carry and create. You may remember Hannah from her time here at FPC and Fondy High School class of 2008.

## Confirmation Class 2026

The Confirmation program here at First Presbyterian Church is open to all youth 8<sup>th</sup> grade and above. This is an exciting step in one's faith journey. When children are baptized, the congregation and parents agree to raise the child as a follower of Jesus Christ. Now it is time for these young people to explore making that decision for him or herself. The congregation, represented by their parents, Faith Partners, and the teaching team, will support, guide, and pray for them as they seek an understanding of what it means to be an **active Christian**. At the end of the process, the confirmand will express their faith in an individual statement of faith and may request the status of active member from the Session.

If you are interested in finding out about this program please contact Jennifer or Pastor Craig.

## September 19 7:00-9:00pm Cribbage

Join us for an exciting game of Cribbage on Friday, September 19 at 7:00 pm in Gathering Room. Don't worry if you've never played before - our seasoned players will be there to teach you! It's the perfect time to learn a new pastime and make new friends. Contact the church office with any questions.

## September 14 10:15-11:15am Kick Off Sunday

Join us for an exciting "Kick-Off" Sunday as we mark the beginning of an inspiring and faith-filled year of Sunday School. There will be engaging activities for the whole family along with valuable information about upcoming events.

Sunday School classes will begin September 21. Sunday School – PreK-12<sup>th</sup> grade classes use the curriculum *Feasting on the Word*. The curriculum aligns with the lectionary, allowing the classes to explore the same scripture passages that are read during the church service on that day.

We need your help for Sunday School. It's easy and enjoyable to get involved! You don't need teaching experience or extensive knowledge of the church to join our team. Many find that teaching enhances their understanding of the Bible and our faith. It's a wonderful opportunity for parents to share experiences with their children, and for adults who don't usually work with children to gain a fresh perspective on life.

We are looking for Teachers/Assistants for various groups:

Nursery (Infant through age 3)

Primary (Preschool to 2nd Grade)

Grade School (3rd to 5th Grades)

Middle School (6th to 8th Grades)

High School (9th to 12th Grades)

Your involvement will make a meaningful difference in the 2025-2026 school year.
