

Hi! My name is Matilda “Tillie” Statezny, and I am the new Communications Coordinator and Administrative Assistant. I graduated in May 2024 from the University of Wisconsin–Stevens Point with a Bachelor's degree in Communications (Media Studies) and a minor in Psychology. My journey has taken many different paths—from nearly a decade in healthcare to discovering my true passion for the arts.

In my free time, you'll often find me designing graphics for the Glam Band, reading, writing, spending time with my large and lively family (especially camping and traveling together), attending musicals, or experimenting in the kitchen.

My faith journey has been just as rich and diverse. I grew up attending Forest Larger Parish, a Presbyterian congregation located a couple of hours north of Fond du Lac. I was actively involved in youth group(s) throughout my adolescence, eventually participating in a mission trip to Florida to aid hurricane recovery efforts. I was also fortunate to attend UCCI's Moon Beach camp for eight summers, where I took part in MADD Camp (Music, Art, Drama, and Dance). That experience not only deepened my creative skills but laid the foundation for my spiritual growth.

College rekindled my faith in new and exciting ways. I regularly attended Bible study on Wednesday nights and was honored to become the first intern at UCCI Camps, later working at Moon Beach for one and a half summers—some of the most meaningful and joy-filled months of my life.

Today, my goal is to combine my background in media, my creative talents, and my love for God to produce art that is not only visually engaging but also spiritually enriching and educational. I am passionate about using my skills to support church communities and inspire others through meaningful, faith-based creative work.

I can't wait to get to meet everyone soon, and grow in my faith!!
